

Welcome to Krueger's Christmas Tree Farm!

...A family tradition for over 55 years...

"Christmas 2012"

We invite you to either select a pre-cut tree or cut your own. If you have any questions or need help with a tree, please ask one of our crew in the red coats. We'll be glad to help!

Cut-Your-Own Trees

The field maps (on backside) indicate the locations and types of trees available. There will also be wagon rides that circle the fields on weekends from 10am-4pm.

You may walk to your tree and drag it back using one of our sleds or you may ride on the wagon. We also have saws and sleds available to use. Please note that for safety reasons we don't allow customer vehicles in the fields.

PLEASE CUT TAGGED TREES ONLY

Other Items For Sale

- Garland/Roping
- Tree Bags
- Red-Twigged Dogwood
- Hand-Decorated Wreaths
- Tree Watering Tools
- Swags
- Tree Stands

- Coloring Books
- Tootsie Rolls
- Fresh cuts
- Ornament
- Tree Recycling
- Use of Sleds
- And lots of fun!

About The Farm

Our farm is a 4th generation Christmas tree farm. Our family has been farming this land for over 95 years. In fact, we will become a Century Farm in 2013. We have been supplying quality Christmas trees & great customer service to Twin Cities area families since 1955.

We are proud to have such a long history and future with this land. We have developed a connection and respect for the land, the environment, & the community.

Thank you for being a part of the farm!

- The Krueger Family

Tagging of Cut-Your-Own Trees

Why do you tag a limited number of trees? We tag a limited number each year. This process ensures that we have a steady supply for future years. Factors such as heat, drought, frost, and hail can alter the number of trees available to harvest each year. We plant more and more trees each year to help offset some of these factors.

What Does it Take to Grow a Tree?

Each spring we plant new seedlings to replace the previous year's harvest. We will then mow, till, mulch, weed, and shape each tree every summer for the next several years. After about 10 years the trees are ready to be harvested!

Are Dogs Allowed?

Yes! We welcome dogs at the farm, but please keep them on a leash and pick up after them.

Santa Visits

Santa will be visiting from 12-3pm on:

November 23, 24, 25

December 1, 2, 8, 9

Environmental Stewardship

We strongly believe in the need to enjoy and protect our natural environment. We choose to operate our farm as sustainably and impact-free as possible. For example, we use mulch around each tree to limit the use of chemicals and irrigation. We also give financial contributions to numerous environmental causes..

Renewable, Sustainable, Recyclable

After Christmas please bring your tree back to the farm. We will then recycle it into wood chips. The chips will be used to mulch the new seedlings next spring.

Can We Shop After Dark?

Yes! We have a large lighted display area of over 300 pre-cut trees. We also have ~40 trees in our heated tree barn..

The cut-your-own fields are closed after dark for safety reasons.

Seasonal Hours:

Monday–Thursday... 12pm-9pm

Friday–Sunday... 9am-9pm
